

Firm Financial Strength Disclosure as at 31 December 2021

Perspective Investments ("the Firm") is the trading name of Perspective Investment Management Limited ("PIM") and its subsidiary Perspective Capital Management Limited ("PCM").

PCM is regulated by the UK FCA and qualifies as a small and non-interconnected investment firm ("SNI") for the purposes of the MIFIDPRU Prudential Sourcebook for MiFID Investment Firms. As such, PCM is not required to make disclosures relating to its capital and liquidity risk.

PIM is regulated by the Cayman Islands Monetary Authority ("CIMA") and is not subject to the UK FCA's MIFIDPRU regulations.

Both PIM and PCM have agreed to manage themselves consistently, where appropriate, with the higher of the regulatory standards of CIMA and UK FCA.

Whilst not a regulatory obligation, the Directors of PIM and PCM have decided to make available the information in this disclosure to existing investors, beneficial investors and potential investors in order to give comfort on the financial strength of the Firm.

For the purposes of this disclosure, PIM has been treated on a consistent basis as if it were a UK based, FCA regulated Alternative Investment Fund Manager ("AIFM"). This is shown for comparison purposes only and is not a regulatory requirement as PIM is not subject to the UK FCA's MIFIDPRU regulations.

The Directors of PIM and PCM have considered the risks that the Firm is exposed to during the normal course of business and have determined that business, operational, market and credit risks are the key areas of focus. The Directors regularly review, including formally at least once a year, the risks, controls and mitigation arrangements and assess their potential impact. If there are any material risks, the Directors consider their financial impact as part of the business planning and capital management process and conclude whether the level of current retained capital would provide adequate mitigation coverage.

In accordance with the UK FCA MIFIDPRU Prudential Sourcebook, PCM undertakes an Internal Capital and Risk Assessment ("ICARA") Process. This is reviewed annually and formally ratified by the Directors to detect and if possible, mitigate the risks identified above.

Capital Resources

The Own Funds Threshold Requirements are based on the audited financial statements of each entity within the Firm, which have been considered on a solo rather than consolidated basis, in conjunction with the risk assessment completed as part of the ICARA process.

The Own Funds Threshold Requirement for PIM represents the minimum capital that would need to be held if PIM were an equivalent UK based, FCA regulated AIFM. This is €125,000, or £105,035, based on an exchange rate of £0.8402 per €1 as at 31 December 2021.

PIM is the parent company of PCM, a wholly owned subsidiary, and PIM's shareholding in PCM is included in its Total Own Funds Capital Resource reported below.
